NEW SHOPPING CENTER PLANS ADVERTISED

The county home land sprouted a new sign today as a Baltimore contractor took another step toward implementation of his hope to develop the area between the Eisenhower School and WGET.

Morton Kalus, Baltimore contractor who has held an option on the land for some months, today took advantage of the opportunity offered him by the county commissioners of publicly advertising plans for construction of a shopping center in the area he seeks to buy.

Attorney Donald G. Oyer said Kalus is now operating on 30-day extensions of the option he secured almost a year ago to purchase the land, if approval can be given by the Adams County court.

Attorney Oyer said Kalus' original plans in which he had "lined up" a number of business places for the center have partially changed and he is now seeking additional entries in the proposed site which he will construct in accordance with the desires of any firm planning to enter the center.

The permission was granted with the hope that Kalus will be able to work out the plans and purchase the land in the near future. The money from the sale will go toward construction of the new county home, now underway. While the commissioners have over several years built up a "back log" of funds to cover a portion of the cost of the county home construction, other portions of the cost are to come from the sale of the now unused county farm land.

MRS. SPICER AT CONGRESS

Mrs. Harold Spicer, of Gardner, is representing the Gettysburg Seventh-day Adventist Church at a Youth Congress in Atlantic City. The congress opened today and will continue all week. Eastern Pennsylvania is represented by 52 delegates. More than 15,000 are expected to attend before it closes Saturday evening.

The congress is called "Festival of the Holy Scriptures," and will stress the application of Biblical principles in every aspect of daily life.

Lecturers will present pointers on community service, family relationships, courtships and marriage, military service, recreation and social life, and ways in which the young people can share their faith with other youths.

In charge of the convention is Theodore E. Lucas, of Washington, D. C., world youth leader of the General Conference of Adventists, assisted by a corps of youth leaders from all over North America.

The last such congress was held in 1953 in San Francisco, Calif. This is the first time that a Congress has been held in an eastern state.

July 1 Deadline On Applications

Adams County farmers who do not have a wheat allotment for their farms and who wish an allotment for 1961 must make application in writing by July 1. Carson Lamberson, chairman of the Adams County Agricultural Stabilization and Conservation committee, said today.

The law under which acreage allotments are authorized provides that not more than three per cent of the county wheat allotment may be used for allotments to "new wheat farms."

The formal application for a "new" farm wheat allotment must be made in writing on a form provided for that purpose and filed at the County Agricultural Stabilization and Conservation office not later than July 1. Employees in the county Agricultural Stabilization and Conservation office will assist those desiring to file applications.

Farms that have not had a wheat allotment for the past three years are considered as "new wheat farms" under the wheat allotment-marketing quota program.

Two Injured In Crash On Monday

Two persons were injured and two cars demolished in an auto accident Monday afternoon at 3:50 o'clock 3½ miles north of Hanover in Oxford Twp. at the intersection of the Hanover-Carlisle Pike and a township road.

Hurt were William Mummert, 21, Abbottstown R. 1, who was removed to the Hanover Hospital by a passing motorist for treatment of lacerations of the chest, and Kay N. Starry, 24, East Berlin, removed to the Hanover Hospital in the Hanover ambulance suffering from a possible kidney injury and lacerations and abrasions of the body.

State police said Miss Starry was driving south on the Hanover-Carlisle Rd. when Mummert, going west, drove out of the township road into the Starry auto.

Damage was estimated at \$250 to Mummert's car and \$1,300 to the Starry vehicle.

NAME OMITTED

In the report of the Gettysburg Horse Show results, published Monday, the fourth place winner in the open walking horse class was inadvertently omitted. The prize went to Ralph Shetter, Shetters' Tire Service, Biglerville, riding Bonnie Blaze.

CODE VIOLATOR

Joseph T. Shrader, 20, New Oxford R. 1, has been charged by Hanover police with operating a vehicle with a faulty muffler according to an information laid before Justice of the Peace Duwayne E. Garrett, Hanover.

ROTARY SEES NEW DISTANCE DIALING SETUP

The Gettysburg Rotary Club Monday evening inspected the new installations at the United Telephone Co. building on W. Middle St. where information was given on the direct distance dialing system now being installed. The Rotarians learned that eventually the nearest telephone operator will be at Hanover with the local system strictly mechanical.

Operators will continue on duty here, however, until Biglerville, Fairfield, Littlestown and other nearby exchanges come into the dial system.

Explains Distance Dialing

Frederick Speck, of the United Telephone System, explained that the four numbers at the bottom of the telephone number plate listed as for direct distance dialing "identify your area and you. The first three numbers — 112 — put your call into the equipment. The fourth number identifies you so the machine will know who is dialing. Now you may wonder how, with thousands of phones on the exchange, one number, ranging from zero to nine, can be your identification. It's simple. In essence the machine looks down your line at you and you are only one of a few on that line. To make a call to another system directly you will dial your distance dialing number, the 112 plus whatever number you may have after that, then you dial an area code number secured from a directory. The United States and Canada have been divided into a number of areas so when you dial the area code number that connects you with the area where you want your call to go. The machine will search through lines to that area until it finds one vacant, then puts your call through. The next step is to dial the letters which take the call to the central office in the city you want to reach and the final step is

TO SELL 175 USED SCHOOL DESKS HERE

The Gettysburg Joint School System is going to sell 175 used school desks and in a display advertisement the school officials suggest that parents who have grade school age children might find the desks convenient furnishings for study or recreation rooms.

The solid maple and oak desks in various sizes but recently used by Third and Fourth graders will be sold at \$1 each for a regular unit and \$1.50 each for an end of the row unit with the extra desk top attached.

The sale will take place at the Lincoln School building at York and Hanover Sts. the evening of June 29 and 30 from 6 to 9 o'clock with all sales to be final. The number of desks per customer may be limited.

Lincoln School will be used this fall to house Seventh graders and furniture to fit pupils that age and size will be moved to the building from the high school. New furniture has been ordered to replace that furniture at the high school.

Club Members To Meet On Thursday

An "important meeting for the entire adult membership" of the Gettysburg Country Club will be held Thursday evening at 6:30 o'clock at the club house. It was announced today by Paul B. Knox, president.

Each member will bring his own covered dish and table setting and the club will furnish meat, rolls, butter and coffee.

The members will discuss the proposed purchase of the property from the Development Corporation. Each member is urged to attend the meeting.

LODGED IN JAIL

Olden Shultz, 49, Ottantanna R. 1, was lodged in the Adams County jail for 30 days Monday in default of \$10 fine and costs on a disorderly conduct charge. He was arraigned before Justice of the Peace Robert P. Snyder.

The library's letterhead shows that an executive board of five, most of them with scholastic degrees and one of them a member of the Indian Congress, manages the library's affairs.

The note closes with hopes for Mrs. Wayburn's continued good health "for without you we could not continue our library."

Suspected Walker "Hitches A Ride"

Dr. Barbara Moore, 36-year-old British vegetarian and transcontinental hiker, evidently has more competition that just the two British sergeants who wound up their trek last week. Many Gettysburg residents today were startled when an unidentified woman carrying a knapsack marked with the British flag strode through town carrying a handful of maps.

After purchasing some "tomatoes and bologna" at a local store, the stockily built, bareheaded hiker attired in blouse, shorts and walking shoes walked east on York St.

The possibility that the famed British walker had moved into Gettysburg exploded, however, when the woman hitched a ride in a Volkswagen bearing a Michigan license to eat up the miles in greater comfort.

TRADING ACTIVE

NEW YORK (AP)—Profits were taken in recent favorites early this afternoon as the stock market presented a jumbled picture. Trading was active.

Some speculative favorites dipped 3 or 4 points.

The general list of key stocks, however, was a mixture of gains and losses kept generally within a 1-point range. A number of issues showed little or no change.

Airlines were steady to higher following recent gains on fare hike news. Chemicals was mostly lower after backing away from an assortment of early gains.

Rousing Welcome From Hawaiians Serves As Tonic For Tired U.S. President

By MARVIN L. ARROWSMITH HONOLULU (AP) — Balmey weather and a rousing reception proved a refreshing tonic Monday to President Eisenhower, who arrived here weary after his Far Eastern tour.

More than 100,000 Hawaiians, the men in short-sleeved sports shirts and the women in gay print dresses, welcomed the President as he stepped from his big jet airliner.

Eisenhower grinned as Mrs. William F. Quinn, wife of Hawaii's governor, placed a lei of bright red carnations around his shoulders.

Appeared Exhausted Eisenhower was admittedly exhausted when he arrived from Korea in this new 50th state at midday Monday. Nevertheless, he lost little time in turning to his favorite outdoor recreation.

The President took a brief nap and then played nine holes of golf on a sunny, breeze-cooled course at the edge of the blue Pacific. The temperature was in the mid-80s but there was none of the mugginess he had encountered almost everywhere on his tour to the Philippines, Nationalist China, Okinawa and Korea.

Today, Eisenhower arranged a morning round of golf, starting about 8 a.m. over the same course at the Kaneohe Marine Corps Air Station where he plans to relax for perhaps the rest of the week before flying home to Washington.

Cheered Along Route Warmly applauding Hawaiians shouted the traditional welcome of the islands, "Aloha," as the President stepped smilingly from his big jet airliner. They kept it up all the way along the populated section of his 22-mile motorcade across this beautiful island to Kaneohe.

Eisenhower came back to his own country with fresh memories of tumultuous welcomes everywhere he went in the Orient. There was only one marked touch of anti-Americanism in the countries he has visited. That came in Okinawa, under U.S. administrative control since World War II, where about 1,500 student demonstrators yelled, "Yankee go home," and demanded that the islands be returned to Japan.

Decorated With Lei That happened Sunday, the day the President originally had been scheduled to arrive in Tokyo for a three-day visit. The Japan stop

was cancelled when the Japanese government decided its police could not protect Eisenhower from left-wing rioters.

Cancellation of the Tokyo visit, the planned main stop on the President's Far Eastern tour, made the goodwill journey a combination of failure and success from the standpoint of personal diplomacy.

But whatever Eisenhower's disappointment, it was hidden in the glow of cordial hospitality that marked his arrival in Hawaii. Traditional symbol of the hospitality was the big lei of red carnations placed over the beaming President's shoulders at the airport by Mrs. William F. Quinn, wife of the new state's first governor.

Her husband, a Republican, headed a delegation of state and military officials in welcoming Eisenhower on his first visit to Hawaii since 1952 when he was president-elect and on his way home from an inspection of the Korean battlefield.

Quinn praised Eisenhower, saying the residents of the island, "owe you a debt of gratitude for your long, unflinching support of statehood," won last year.

LIONS DONATE \$125 TO HELP TREAT CHILD

Gettysburg Lions at their weekly dinner meeting at the Shetter House Monday evening voted \$125 from their charity fund so that psychiatric treatment may be continued for an unidentified "emotionally disturbed child."

The youngster was not identified but the Lions were told that the sum had been asked by Miss Elizabeth Rutledge, special education supervisor in the county. The action came on recommendation of the finance committee presented by Thomas Gibbons.

Vice president Richard A. Folkenroth presided at the meeting with 50 Lions in attendance. He called for annual reports from a number of standing committees and announced next week's meeting will be the last to be held at the Shetter House which is being converted into offices.

Next Monday the Lions will dine there and then go to the United Telephone Company building for an inspection tour and description of the direct distance dialing system soon to go into use here.

The Lions authorized the first \$500 payment on the \$1,500 pledge to the Gettysburg College Building Fund made a year ago. The pledge is to be paid within the next two years.

The club voted to buy a dozen baseballs for the Little League on recommendation of the club's Little League representative, Leo McDermitt.

Special Activities Chairman Kenneth Dengler announced plans for a bus trip to Baltimore next Tuesday to see the Cleveland Indians and the Orioles play. The bus will leave from the Gettysburg High School parking lot at 5:15 o'clock. He said a few tickets are available. Persons interested should get in touch with him.

It was announced that no meeting will be held on Monday, July 4. Announcement will be made later of a new eating place for the Lions.

ADmits GUILT IN BURGLARY

John L. Gebhart, 23, New Oxford R. 1, has been charged by state police with burglary and larceny of the McSherrytown Fish and Game Association Sportsmen's Club, New Oxford R. 1, late Sunday night or early Monday morning, June 12-13.

Gebhart pleaded guilty on the charges before Justice of the Peace Robert P. Snyder today and was placed in the county jail for sentence court, in default of \$500 bail.

Gebhart was also charged by his mother-in-law last Friday with assault and battery. He was arrested the same night by state police from Gettysburg on a warrant issued by Justice Harman Dell, Oxford Twp. Mrs. Adeline Feeser charged him with having "beaten up" his wife, his father-in-law and a brother-in-law.

State police said over \$75 worth of damage was done to the Sportsman's Club. About five cases of beer, 10 worth of cigarettes and cigars and \$15 in cash were reported missing. The entry was made between a ventilator fan and upper window sash. An inside door had been forced open, the police added.

SPECIAL MEETING

The Fairfield Fire Company will hold a special meeting this evening at 8:30 o'clock at the fire hall. All members of the soliciting committee are asked to be present.

Summer Arrives This Morning

Summer began this morning at 5:43 o'clock with the temperatures hovering around the 60-degree mark with a pleasant day in prospect after a clear, cool finish for the spring season. Monday's high here was 80 degrees but the mercury dipped to 55 degrees overnight.

So far this month there has not been any 90-degree weather and May was cool and wet. April had two days in the 90's.

Warmer weather has been the rule for summer's debut here in recent years. A check of the last dozen years shows that seven of them ushered in summer with above-90 temperatures. The hottest June 21 on record here came in 1923 when the maximum reading was 101 degrees, the only time the date has seen a reading over 100 degrees here.

Denies Reports Of Factories Closing

Reports circulating about town that the Gettysburg Furniture Factories will close down at the end of the summer are "absolutely not true," Gordon Webster, comptroller and one of the operating managers, said Monday.

It was noted, however, that annual vacations for employees had been shifted from July 4 week to August but that rescheduling was done so that "orders which have been contracted for could be filled," Webster said.

It was reported that no lumber is being purchased and that the panel section had been closed and foremen and employees laid off.

Webster said it was "nothing unusual to be cutting down because this is the trend throughout the United States now."

MARRIAGE LICENSE

The clerk of the courts today issued a marriage license to Howard K. Dishon, Lancaster, son of the late Mr. and Mrs. Rufus Dishon, and Regina M. Kuhn, daughter of Mrs. Clara A. Kuhn, New Oxford.

LT. GOVERNOR TO TALK HERE FRIDAY, JULY 1

A program July 1 at 7:30 o'clock marking the 50th anniversary of the dedication of the Pennsylvania Monument will open the series of events scheduled as part of the observance of the 97th anniversary of the Battle of Gettysburg. William G. Weaver, special events chairman for the battle anniversary, announced today.

Pennsylvania's Lieutenant Governor S. Morgan Davis will be the speaker at the Pennsylvania monument, the largest on the battlefield.

The monument bears the names of the more than 20,000 Pennsylvanians who took part in the Gettysburg battle. The program will include the talk by the Lt. Governor, a resume of Pennsylvania's participation in the battle here, and the firing of a salute and taps.

Special Programs

The rededication of the Pennsylvania monument will be one of a series of special programs held in connection with the observance. Saturday, July 2, three special programs are to be held on the battlefield, all marking the 75th anniversary of the dedication of markers of the units. Starting at 2 o'clock that afternoon, the programs will include ceremonies at the Ninth Massachusetts, 98th Pennsylvania and 27th Connecticut markers. The 27th's monument is the largest in the Wheatfield, with the 23-foot high tower topped by a bronze eagle. It commemorates the charge of the regiment on the afternoon of July 2, 1863, of a unit that had been reduced by its losses at Chancellorsville to 75 officers and men, 38 of whom were killed or wounded in the charge including Lt. Col. Henry C. Merwin, its commander.

Sunday, July 3, Pickett's Charge will be re-enacted and Sunday evening, July 3, the commanding general of the Second Army will speak and the Second Army Chorus will present a concert during the annual memorial service held at the Gettysburg High School auditorium.

The annual festival will be held by the fire department July 1 and 2 and July 4 through 9 at Recreation Field as part of the program.

Miss Louise Collins, daughter of Mr. and Mrs. J. B. Collins, East Broadway, left Monday for Interlochen, Mich., where she will join the staff of the National Music Camp as an instructor on the water front and a counselor in the high school girls' division.

Miss Collins recently completed her freshman year at Gettysburg College where she earned her qualifications for water safety instructor. She took additional training under the Red Cross program at Indiantown Gap earlier this month. She had previously earned her senior life saving rating as a camper at the National Music Camp. This will be her fourth summer at Interlochen. During two seasons she played oboe in the national high school orchestra and received honors as an outstanding camper. Last summer she attended the camp on two work scholarships which included playing oboe in the opera orchestra and serving as a guide at the information center.

Along with her staff duties this season Miss Collins will study piano privately during the nine weeks she is in camp.

HOUSE TAKES RECESS 'TIL FRIDAY; HOLD SENATE TO JOB

HARRISBURG (AP) — Pennsylvania Democrats have moved to force a Republican decision on a final adjournment of the 1960 Legislature by refusing to accede to another extended recess proposed by the Republican Senate majority.

After Monday night's session the Democratic-controlled House recessed until Friday and announced it would also hold the Senate to a constitutional provision which says:

"Neither house shall, without the consent of the other, adjourn for more than three days."

Senate Meets Today
The Senate, which meets again today, will have to meet again Wednesday or by Saturday to meet the requirement.

The adjournment issue came to a boil as the Senate Republicans prepared a new move to investigate alleged vote frauds in Philadelphia. A resolution setting up a Senate investigation was introduced and sent to the Rules Committee.

The House, meanwhile, sent the Senate-approved proposal for a joint investigation of Philadelphia to its Judiciary Committee, where it is expected to be pigeonholed.

Delay Boehm Okay
Earlier, the House adopted the Judiciary Committee's finding that proposed impeachment of Dist. Atty. Victor H. Blane of Philadelphia was "without sound, solid basis."

Senate Republicans continued to hold up confirmation of reappointment of Superintendent of Public Instruction Charles H. Boehm because of the opposition of two GOP senators.

Sen. Marvin Keller, representing Bucks County where Boehm lives, said educators in the county had asked him to delay confirmation until "certain" problems were solved. He did not elaborate.

Seek Adjournment
The administration has been trying since February to obtain agreement from the Senate GOP to final adjournment of the session.

The 1960 Legislature, restricted to tax and appropriation measures by the 1959 Constitutional amendment permitting annual sessions, has had no business since February. A budget for a two-year period ending May 31, 1961, already had been drawn up by the administration last year under the old biennial plan of operation.

"I don't believe there is anything more to be done this session," Sen. Charles R. Weiner, Democratic floor leader, said in Senate debate on the issue Monday.

"Nothing Wrong"
In the House, Rep. Albert W. Johnson, GOP floor leader, said it would not cost the taxpayers any money if the Legislature took an extended recess.

"There's nothing wrong with us keeping an eye on things, keeping an eye on the governor and seeing what he's doing," Johnson declared.

Rep. Stephen McCann, House Democratic leader, sprung the three-day recess strategy as a surprise countermove to Republican leaders. The Senate had approved a recess to Sept. 12, but GOP leaders conceded they expected to be brought back next Monday.

McCann told newsmen that he would agree to an extended recess only if a firm adjournment date were attached to it. He said Sept. 12 is the latest date he would accept for adjournment.

Emmitsburg Little League
Coach Tip Harbaugh's Red Sox, winners of last year's Emmitsburg Little League title in a triple play-off, threaten to make a run-away of this year's pennant race. The hard-hitting Sox whipped the Cardinals Monday evening for their third straight win and have now shattered each of the other clubs in the league. Feature of Monday's play, aside from the Sox slugging, was a spectacular leaping catch by Cardinal third sacker Rudy Chatlos which choked off a Sox rally in the fifth inning.

SAYS BOEHM HAS FIRED REPUBLICANS

HARRISBURG (AP) — Charges that Dr. Charles H. Boehm has fired every Republican in his Public Instruction Department have been denied by Senate Democrats.

The charges were made Monday by Sen. George N. Wade (R-Cumberland) after Democrats asked the reason for delay in confirming Boehm to a second four-year term as superintendent of public instruction.

Wade claimed the alleged GOP firings were evidence Boehm was playing politics.

Take No Action
Seyler, a former junior high school principal and presently director of adult education for York City schools, said he personally knew of several Republican educators who are working for the department.

The Senate took no action on Boehm's appointment. Several Republican leaders expressed doubt the matter would be taken up this week.

Seyler said there had been no leadership in education on the state level for many years before Boehm took office. He said Boehm ran into criticism because he was not content just to sit in the chair and because he attempted to bring order out of chaos.

Delay Asked, Opposed
The debate started when Sen. Charles R. Weiner, Democratic floor leader and a member of the Executive Nominations Committee asked for expeditious action on the appointment.

The senator from Boehm's home county, Sen. Marvin Keller (R-Bucks) said persons connected with the schools in the county had asked him to hold up Boehm's confirmation until certain problems were solved. He did not elaborate.

"We have had some problems in Bucks County which I think Dr. Boehm is well aware of," Keller said. "In my opinion, in a very short time, these problems should be worked out."

FIND MISSING BANK TELLER

COLUMBIA, Pa. (AP) — A 52-year-old bank teller, emaciated and mumbling, was found Monday in an isolated sand quarry along the Susquehanna River where he apparently had made his home since his disappearance April 12.

Lester Leber was reported in satisfactory condition in Columbia Hospital where he was being fed intravenously. His weight was down 60 pounds from a former robust 200, and his once reddish hair had turned snow-white in the 10 weeks he scrounged for food.

After Leber's disappearance state bank examiners discovered a \$4,000 shortage in his accounts at the First Columbia National Bank where he had been chief teller and an employee for 30 years.

Leber's wife, ill for the past five years, last week was taken to Harrisburg Hospital.

The bank teller was found by Francis Martin, a farmer in this extreme western tip of Lancaster County. He said he had seen Leber, off and on, in the area for the past month, and frequently gave him food. He found Leber crouched along a rural road, unable to move and summoned aid.

"GETTING THE MOST"

We must look with faithful eyes upon . . . the precious time we spend . . . and while here upon this earth . . . all our hope must e'er ascend . . . for this is only borrowed time . . . lent to us for a while . . . and time is lost when we forget . . . to sing and laugh and smile . . . jealousy and sullen hate . . . are pitfalls to beware of . . . the only way to happiness . . . is up the road of true love . . . thought should precede each action . . . mistakes then will be few . . . eyes with tender meaning . . . will have the brightest view . . . this fleeting life we have on earth . . . must be tempered to live . . . only in this way will we . . . get the most for what we give.

ROTARY SEES

to dial the number of the person you want."

Still Need Operators

Speck noted: "Direct dialing is possible only when you are dialing to a system that has direct distance service and when you know the number. If you want to make a collect call, or want to charge the call to another phone, or speak person to person you will have to dial the operator, for we haven't as yet invented machines which can do all that."

Eugene Johnson, Vincent Sanders, William Shank and Manager John E. Caldwell conducted the Rotarians on the tour of the machines which operate the dial system, explaining the operation of the various parts. Speck spoke at a gathering of the Rotarians in a basement assembly room following the tour.

The Rotarians began their meeting with dinner at the YWCA, and a brief business meeting at which the president, Attorney John A. MacPhail, presided. At the meeting, the resignation of Col. Martin Peters, professor of air science and tactics at Gettysburg College, was read. Colonel Peters leaves in July to become director of personnel at a Kansas City Air Force base. A brief farewell talk was given by Masako Kajimura, Japanese exchange student at the high school here who leaves June 29 for Japan.

Japanese Premier Will Resign Soon

TOKYO (AP)—Premier Nobusuke Kishi was reported to have said today he will announce his intention to resign as soon as the new U.S.-Japan security treaty comes into force.

Local newspapers in banner headlines said Kishi made his declaration to Secretary General Shiro Kawashima of his Liberal Democratic party, who called on the premier to discuss the selection of a successor.

Japan's ratification of the treaty automatically became final at midnight Sunday, and the pact will come into force after U.S. Senate approval—expected sometime this week—and exchange of the ratification documents by the U.S. and Japanese governments.

SENATE VOTES INCREASES IN TAX REVENUES

WASHINGTON (AP)—The Senate has ended its annual tax fight by voting to increase revenues rather than cut them as it did a year ago.

The tax bill, passed 84-0 Monday night, not only extended present rates on corporation income and excise taxes yielding 41 billion dollars, but added on an estimated 650 million of additional revenues.

President Eisenhower had asked extension of present taxes for another year.

More Income Needed
A worsening international situation combined with recent Senate votes to increase money for defense, health research, education and federal pay led the Senate to swell the Treasury's income in the bill.

The 650 million was added through adoption of three of a series of what their sponsors called loophole-closing amendments advocated by Democrats seeking to avoid a tag of fiscal irresponsibility for their party.

The fate of these in conference with the House is dubious, since that branch had given advance notice it was not inclined to accept any tax amendments. The House originates revenue legislation under the Constitution.

Extends Levies

In disposing of the bill in a 14-hour session, the Senate passed one of the major items it had to handle before final adjournment. The bill extends for another year the corporation income tax and excises on liquor, wine, beer, cigarettes, autos, and auto parts and accessories.

These all are Korean War rates. They have been extended each year since 1954.

The bill also continues for another year 10 per cent levies on local telephone service, telegrams and passenger fares made effective during World War II.

The Senate Finance Committee had recommended these be allowed to die June 30, at a cost of 752 million a year.

Last year the Senate voted to repeal both the telephone and travel levies. In the conference with the House the effective date was moved up to July 1, 1960.

Loophole Amendments

These were the loophole amendments adopted by the Senate: By Sen. Eugene J. McCarthy (D-Minn.), to repeal the 4 per cent tax credit on stock dividend income, bringing in 350 million a year.

By Sen. Joseph S. Clark (D-Pa.), to outlaw many entertainment items now eligible as business deductions, bringing in 260 million annually.

By Sen. Albert Gore (D-Tenn.), to provide that the percentage depletion allowance may apply only to the raw mineral value and not the finished product. This would cut off a present 50-million Treasury loss. The potential cost of this loophole has been estimated at 600 million annually if the Supreme Court upholds lower court decisions and more businesses take advantage of the rulings.

Defeated were amendments to boost revenue by putting in an income tax withholding system on dividends and interest, to cut the oil and gas depletion allowance, and to prevent the use of capital gains tax treatment for depreciable property.

BIG LEAGUE BASEBALL

The league-leading VFW outfit tightened its grip on first place Monday evening by squeezing past the Towne Restaurant 3-2, darkness halting the game after six innings.

Mort, Towne moundsman, pitched good ball and allowed but six hits but his efforts were handicapped by errors.

Kane, VFW starter, allowed seven hits in four innings. Asper tossed no-hit ball in two relief innings.

Johnston and J. Gastley each collected two hits for the Vets while Mort poled a pair of singles for the losers.

JOHN B. KELLY, ONCE OLYMPIC CHAMPION, DIES

PHILADELPHIA (AP)—Thousands of persons today joined government and civic leaders in mourning the death of John B. Kelly Sr., father of Princess Grace of Monaco and a self-made man who achieved success and prominence in many ventures.

The 70-year-old nationally-known businessman, noted civic leader and former Olympic champion oarsman died quietly Monday in his home of intestinal cancer. He received the last rites of the Roman Catholic Church. His wife, two other daughters and his only son, John B. Jr., were at his bedside.

Princess To Return

Princess Grace, the former Grace Kelly who won fame in Hollywood as a movie actress, had flown here from Monaco to be with her father when he underwent abdominal surgery recently for the second time within a year. But after he was discharged from the hospital last week, she returned to Monaco.

The Princess and Princess Rainier plan to fly today to Philadelphia following a memorial mass in the private chapel of the Monaco palace.

Funeral services were incomplete.

In France, where he is vacationing, Mayor Richardson Dilworth of Philadelphia summed up the feelings of government and civic leaders when he said:

Leaves "Lasting Impression"
"I was deeply shocked to hear of the death of one of Philadelphia's most beloved men. His contributions and his sincere devotion to the life of the city in many fields have left a lasting impression."

Kelly, a lifelong resident of Philadelphia, rose from a bricklayer to found the John B. Kelly Co. in 1919. It grew into one of the nation's largest brick work contracting firms.

Kelly was president of the Atlantic City Racing Assn. and the Philadelphia Fairmount Park Commission. At one time or another he held the amateur championship in every branch of sculling. He was the only man ever to win the singles and doubles in the same Olympic games. He did it twice, in 1920 and 1924.

Active In Politics
Kelly was also active in politics. In 1935 he ran for mayor of Philadelphia on the Democratic ticket but lost to Mayor S. Davis Wilson.

Perhaps his philosophy of life which gained him success and the love and respect of thousands was contained in a verse he recited when he conceded defeat in the mayoralty race.

"You are beaten to earth.
"Well, well! What's that!
"Come up with a smiling face.
"It's nothing against you to fall down flat.
"But to lie there, that's disgrace.
"For the harder you're thrown the higher you bounce.
"Be proud of your blackened eye.
"It isn't the fact that you're licked that counts.
"But how did you fight and why?"

KANSAS CITY, Mo. (AP)—Msr. L. Curtis Tiernan, 75, chief of Army chaplains in Europe during World War II, died Monday. A veteran of two world wars, Msr. Tiernan retired in 1948. He suffered from a heart ailment.

Today's Talk
PREJUDICE
We are going to wake up some fine day and realize how barbarous is prejudice.
The open mind is like a field over which the wind bathes the flowers and foliage in its arms.
Prejudice is made up of roots that sink into perfectly good soil, only to sap away its life and richness, and prevent useful growth from producing its natural fruit in its way.
What useless strife prejudice creates! It puts boulders across the smooth path of progress and blocks strong men from attaining their ends. If it hadn't been for prejudice, some earlier Columbus would have found "The New World" centuries sooner. All reforms are stunted at their onsets by the hand of prejudice.
Prejudice at this very moment has its secret agents in the seats of the mighty, seeking what is may destroy.
At heart, we are all both small and great. Prejudice enters us while we sleep or while we are in careless mood, binding us to ways that it takes herculean will to break when we want them broken.
Let us have a thousand doors to our mind. Let us throw away our keys and invite the opinions of any and all to enter freely. Let us all have at least one prayer that we have learned to utter as we enter upon each day. This it is: "God give me an open mind—to see all sides and every truth!"

Tomorrow Mr. Adams will talk on the subject: "The Spiritual Value of Good Will"

Just Folks
TAKE HOME A SMILE
Take home a smile; forget the petty cares,
The dull, grim grind of all the day's affairs;
The day is done, come by yourself awhile,
Tonight to those who wait, take home a smile.
Take home a smile; don't scatter grief and gloom
Where laughter and light hearts should always bloom;
What though you've traveled many a duty mile,
Foot-sore and weary, still take home a smile.
Take home a smile; it is not much to do,
But much it means to them who wait for you;
You can be brave for such a little while;
The day of doubt is done, take home a smile.

FAVOR PALMER IN CANADA CUP

PORTMARNOCK, Ireland (AP)—The best known sportsman in Ireland today is U.S. Open Golf Champion Arnold Palmer.
He's the glamor boy in the four-day Canada Cup championship opening over the Portmarnock links Thursday. Fifty-nine other golfers from 29 other nations also will compete in the tournament won by Australia last year. Stan Leonard of Canada carried off the individual title.
The bookies favored Palmer to win the individual title and they reckon he's the man to carry the United States to a team title in partnership with Sam Snead.
The Canada Cup matches attract the top pros from all over the world. The team title goes to the two-man squad posting the best combined score after 72 holes. The individual crown goes to the man with the best 72-hole medal score.

LAC BEAUPORT, Quebec (AP)—The American Hockey League will operate again in 1960-61 with the same seven clubs as last season but there will be no All-Star game—at least for one year.
At its annual meeting Monday the league decided to abolish the all-star game for at least one season after finding they could not fit it into the 1960-61 schedule. The All-Star game, first played in 1954, matches the Calder Cup winner of the previous year against stars of the other teams.

GOPHERS WIN 2ND NCAA TILT

OMAHA (AP) — Minnesota has joined the elite group of schools that have won two NCAA College Baseball World Series championships in the 14-year-old history of the event.
And in beating Southern California 2-1 Monday night the Big Ten kings kept the West Coast school from becoming the first to win three titles. The others with a pair of championships are the University of California and Texas.

Sharp eyes at the plate brought Minnesota its 10-inning victory in the third extra-inning game of the series with Southern Cal.
After Dave Pilepsen doubled and John Erickson was intentionally walked, batters Tom Moe and Cal Roloff each watched four ball from pitcher Ken Yaryan to force the winning run home.
Roloff got credit for bringing home both Minnesota runs. His single in the eighth gave Minnesota a 1-0 lead.

Admit Smuggling Into State Prison

BELLEfonte, Pa. (AP) — A trial for six persons accused of smuggling contraband into a state prison ended abruptly Monday when they entered guilty pleas. Five drew jail terms, the sixth a suspended sentence.

Sentenced to 6-to-12 months were convicts Harold V. Corsa Jr., 28, of York, and James R. Gunther, 27, of Indiana, Pa.; Edward D. Buhler, 45, of Hollidaysburg, a prison guard, and Lamar C. Stein, 34, also of York.
Corsa's mother, Mrs. Frances Corsa, of York, was sentenced to 2-to-4 months. His sister, Mrs. Joan Corsa Wiley, 25, also of York, received a suspended sentence.

Catholics Plan To Rebuild Old Shrine

MEXICO CITY (AP) — Officials of the Roman Catholic Church have decided to demolish the crumbling Shrine of Our Lady of Guadalupe and rebuild it, Abbot Gregorio Aguilar of the 400-year-old church said Monday.
The church, 2½ miles north of Mexico City, was built on the site where tradition says the Virgin Mary appeared to Juan Diego, an Indian, in 1531.

In recent years depletion of the underground water beneath Mexico City has caused a settling of the soil which has seriously affected many old buildings.

INGO TRAINING METHOD UPSET BY PATTERSON

By WHITNEY MARTIN
Associated Press Sports Writer
NEW YORK (AP) — Ingemar Johansson threatened to revolutionize the time-honored routine of fight training, but the revolution is over.
When Floyd Patterson demolished the handsome Swede in winning back the world heavyweight title at the Polo Grounds Monday night it was a victory for Spartan training over the plush country club atmosphere.
Johansson astounded the critics with his casual, playboy approach to the first fight a year ago. When he stopped Patterson in three rounds and won the championship, the general idea was that down through the years fighters had been unnecessarily punishing themselves to get into condition.

Ingemar made believers of the fans with his easy-does-it system, and when he followed the same routine preparing for his title defense there was no criticism. He would dance. He would journey to New York from Grossinger, a trip of more than 100 miles, to appear on television. He would play golf, and ride horseback, and swim, and otherwise enjoy himself.
He lived in the family circle, and it was one big holiday for his parents, his brother and his wife, and his comely fiancée.

Patterson had been holed up in a bleak, abandoned old road house hidden away on a byroad in Connecticut. He had been there since last fall, leading the rugged life with only his trainer and sparring partners as company.
Had Few Visitors
Until the fight was signed and sealed and the publicity guns began to boom, visitors were few. And in the long, lonely hours Floyd had plenty of time to figure out his errors of the first fight, and ponder his strategy for the return.

Little Charley Goldman, who trained Rocky Marciano through-out his undefeated career as champion, thinks he has at least part of the answer to Johansson's crushing defeat Monday night.
Marciano also trained at Grossinger's up in the Catskill Mountains. But he isolated himself in an old farmhouse high up on a hilltop.
"Johansson was training as if he was going to do six rounds of sparring," Goldman said after watching Patterson take out the Swede in the fifth round.
"Patterson trained for a fight. Johansson trained for a light sparring session. That's all there was to it."

Cage Loop Shifts Washington Team

NEW YORK (AP)—The Eastern Hockey League closes its meeting here today after approving a shift of the Washington team to Haddonfield, N. J.
League President Tom Lockhart said Haddonfield had a 5,000-seat arena near Camden and Philadelphia.
The Philadelphia franchise is in bankruptcy, Lockhart said, but another group make take it over.
"There is a possibility," Lockhart said at the meeting Monday, "that we might operate the coming season with nine teams—Clinton (N.Y.), New Haven (Conn.), New York, Philadelphia, Johnstown, Washington, Greensboro, (N.C.), Charlotte and Haddonfield. However, that is far from decided."

2 TORNADOES HIT COLORADO

By THE ASSOCIATED PRESS
Thunderstorms and scattered rainfall greeted the citizenry in sections of the United States this first day of summer. In some areas this was more like any dreary day in early spring.
The Chicago Weather Bureau said precipitation fell over the central and northern plains today, the south Atlantic coastal states and the central and southern Mississippi Valley.
Tampa, Fla., had a fall totaling 2.22 inches into the morning, with 1.69 inches during one hour. Springfield, Ill., got nearly 2 inches. Rapid City, S.D., .95 inches.
Parts of the plains area had some severe weather Monday night.

RAMS LOSERS IN ACTION TO HOLD CANNON

By BOB MYERS
LOS ANGELES (AP) — The count was 1-0 in favor of the American Football League today in the new league's player war with the old National League.
And All-America halfback Billy Cannon was free to play for the Houston Oilers of the AFL, instead of the Los Angeles Rams of the NFL.
Federal Judge William J. Lindberg Monday denied the Rams' injunction suit to keep Cannon from playing for the Oilers.

Blasts Rozelle
The court blasted NFL Commissioner Pete Rozelle for conducting the Cannon contract negotiations in a "shroud of secrecy" when Rozelle was the Rams' general manager last November.
The Rams contended Cannon signed three contracts for the 1960-61-62 season.
The judge faulted the 1961-62 contracts mainly because neither was signed by then Acting Commissioner Austin Gunsell, a requirement he said is stipulated in the NFL constitution. He dismissed the 1960 contract, signed by Gunsell, because he said it was part of an incomplete contractual package.

Shocked High Command
The adverse ruling shocked the Rams' high command.
Said an irked Daniel F. Reeves, Rams president: "I just happen to know that Pete Rozelle is the most honest man in the world. I have no comment on Cannon."
The 22-year-old Cannon from Louisiana State University stirred up the already broiling AFL-NFL feud when he repudiated the Rams contracts—for a total of \$50,000—and signed a more lucrative pact with K.S. (Bud) Adams Jr., owner of the Houston Oilers, in late December.

Japan Moves To Prevent Boycott

TOKYO (AP)—Worried over reports of a campaign against Japanese goods in the United States, Japanese toy makers messaged President Eisenhower today that most Japanese are pro-American.
The assurance was contained in a letter sent by the Federation of Export Toy Manufacturers Cooperative in Tokyo through the U.S. embassy here, a federation spokesman said.
Various American companies were reported cancelling orders for Japanese goods because of the recent riots in Tokyo.

DISCUSSES RESULTS OF LONG STRIKE

By BOB THOMAS AP Movie-TV Writer

HOLLYWOOD (AP) — Will the five-month writers' strike against the film studios result in a vast literary outpouring? It doesn't look that way.

Book and play representatives have been descending on Hollywood hoping to reap a harvest in the biggest collection of skilled writers in the world. Most of them returned to New York with scant prospects.

It appears that never have so many writers written so little as during the 22 weeks of the studio strike.

"Pretty Spoiled"

Cracked Hal Kanter ("Road to Bali," "Rose Tattoo"): "Publishers sent their representatives to Hollywood to see striking writers. As a result, a lot of writers have been selling books — door to door."

Said Richard Breen ("Titanic,"

Pete Kelly's Blues"): "I think most of us kept expecting the strike would be over a week from Thursday, so we didn't start on any big projects."

Added Kanter: "Besides, writers out here are pretty spoiled. They aren't going to write anything unless they're paid for it."

So what did they do during the long months of idleness?

Not Too Good Results

"Most of us stayed at home and got reacquainted with our families," said Breen. "That got to be hard on them, too. After a few weeks of snapping at my children, the most frequent remark was 'When is Daddy going back to work?'"

Kanter said he also got reacquainted with his family with not too good results. "So I decided I would devote my time to following the Dodgers," he said. "That didn't turn out satisfactorily, either." The Los Angeles ball club has been submerged in the second division.

"Writers don't have much New England in them," observed Breen. "Most of us don't have the spirit of making use of our spare time."

IMPEACHMENT OF BLANC IS TURNED DOWN

HARRISBURG (AP) — Proposed impeachment of Philadelphia Dist. Atty. Victor H. Blanc was rejected in the House Monday night.

After more than an hour of debate, the Democratic majority voted down a Republican move to reopen the proceedings involving Blanc, a Democrat, then accepted a committee report that the proposed impeachment was "without sound, solid basis."

Republicans claimed the action was a whitewash of the charges that Blanc was negligent in conduct of his office.

Only Witness

The House Judiciary Committee controlled by Democrats, heard the charges last week. Rep. John Stewart (R-Phila.), who raised the charges, was the only witness. The committee had voted to reject Stewart's petition that Blanc be impeached.

The six Republican members of the 19-member committee came in with their own recommendation on Monday, asking that the matter be kept open.

That report was defeated on a straight party-line vote, 102-80. The House then adopted the majority report of the committee, 103-79.

Votes For Both

Rep. Maurice H. Goldstein (R-Allegheny) voted for both reports. Goldstein explained that, while he agreed with the majority that

STATE GOP TO MEET NIXON

HARRISBURG (AP) — State Republican leaders are scheduled to meet with Vice President Nixon, candidate for the GOP presidential nomination in Philadelphia June 30.

Republican State Chairman George I. Bloom said in a weekend statement that the meeting will give party leaders "the opportunity to hear his political views which they can carry back to the local workers to inspire them in the long months of hard work that stretch ahead."

Bloom also said Republicans will hold a series of regional meetings to discuss voter registration, precinct organization and strategy for the general election in November.

Meeting dates and places are: York, July 6; Philadelphia, July 7; Scranton, July 8; Weelsboro, July 9; Pittsburgh, July 13; Altoona, July 14, and Meadville, July 15.

Stewart's evidence did not warrant impeachment of Blanc, nevertheless the committee should have taken the opportunity to hear Atty. Gen. Anne X. Alpern and Deputy Atty. Gen. Victor H. Wright.

Wright has been conducting the Justice Department's investigation of alleged vote frauds in Philadelphia.

Rep. Herbert Fineman (D-Phila.) vice-chairman of the committee, said during debate over the impeachment move Monday that it was only "a vehicle for him (Stewart) to obtain personal publicity... to have brought so serious a charge in so frivolous a manner."

13 KILLED IN PA. ACCIDENTS OVER WEEKEND

By THE ASSOCIATED PRESS

Jimmy Bryan 33-year-old Phoenix, Ariz., veteran auto racer who won 19 championships including the Indianapolis 500 in 1958, was among 13 persons killed in accidents in Pennsylvania over the weekend.

Bryan was killed Sunday in the 100-mile national championship big car race at the Langhorne Speedway. He was attempting to overtake Don Branson, of Champaign, Ill., for the lead on the first lap when his car suddenly skidded sideways and rolled over several times.

Five persons perished in a Philadelphia tenement fire, a man died in another blaze, four persons were killed in traffic accidents and two others drowned.

Lowest In Months

The death toll was the lowest since the weekend of April 16 when three persons were killed.

The five victims in the Saturday night fire which swept a dilapidated rooming house were Charles Tabb, 55; Mattie Hoote, 50; Charles Cox, 50; George Frazier, 66, and Janie Powell, 35, all Negroes.

Cause of the fire was not known. Police said the alarm system was not operating because the electricity had been shut off for non-payment of the bill.

Two Drown

The other fire victim was Robert Warfel, 75, who died Saturday in a blaze in his home.

The two drowning victims were John Doherty, 15, of Philadelphia, and Wesley R. Breininger, 50 of Allentown. Doherty had gone wading in a creek near his home Saturday. Breininger slipped into the Ontelaunee Reservoir near Reading Sunday while fishing from the shore.

Other Victims

The other victims: Hughesville — Charles MacDonald, 60, Paterson, N. J., was killed Friday night near this Lycoming County community when his car skidded off Route 115 and struck and tree. His wife and son were injured.

New Castle — Mrs. Mary Lou Ronan, 39, New Castle, was killed Friday night when her small foreign car collided with a truck.

Philadelphia — Mary Lee Martin, 3, Philadelphia, killed by a car Saturday near her home.

Bradford — Malcolm L. Parker, 22, Smethport, killed Sunday when his car careened off a highway and smashed into a utility pole, just outside Bradford.

FAST GROWTH IN POPULATION FOR SUBURBS

WASHINGTON (AP) — The suburbs grew six times faster than the cities in the past decade and accounted for nearly two-thirds of the national population increase during the 10 years.

Reporting this today, the Census Bureau said the population of the nation's 189 metropolitan areas increased from 87,579,138 in 1950 to 106,872,660 in 1960—a gain of 24.3 per cent.

However, the central cities in these areas recorded a population advance of just 8.2 per cent while the suburban sections had a population growth of 47.2 per cent.

March To Suburbs

The number of people living in the central cities increased from 51,396,698 to 55,617,613 while the gain for the suburbs was from 36,182,440 to 53,255,047.

In a report based on preliminary census figures which are subject to later revision, the bureau said the march to suburbia accounted for 17,100,000 of the indicated 10-year national population gain of 24,400,000.

During the decade, four of the five cities with populations of one million or more lost people. Los Angeles was the only gainer in this category while New York, Chicago, Philadelphia and Detroit showed losses.

Seek Reciprocity On Suspensions

HARRISBURG (AP) — Officials of the Lawrence administration say Pennsylvania is trying to work out reciprocity agreements with six nearby states on suspensions of drivers' licenses.

Conferences are planned with officials of Connecticut, New York, Ohio, Maryland, West Virginia and Delaware, Traffic Safety Commissioner O. D. Shipley said in a weekend statement.

A Pennsylvania motorist arrested for traffic violations in another state can have his license suspended by that state and Pennsylvania for different periods. The agreement would make the suspensions effective at the same time.

Officials of Pennsylvania, New Jersey and Connecticut are scheduled to meet here June 24 to discuss the proposed agreements.

MYSTERY HOUR SUNDAY NIGHT IS BRIGHT STAR

By CYNTHIA LOWRY

NEW YORK (AP)—NBC's Sunday Mystery Hour is becoming the bright shining star of television summer nights.
Sunday evening a dandy cast, including Diana Lynn and Anne Seymour, gave us a fine, tense production of "Dark Possession." This, in TV terms, is a vintage piece by Gore Vidal, having been first produced some six years ago.
It concerns a young widow who is receiving poison pen letters accusing her of murdering her husband. The seats and costumes were great: A late Victorian home of wealth, all plush, antiques, and unhappiness. There were the beautiful widow, her plain and jealous spinster sister, the grumpy invalid father and all sorts of sinister overtones.
Unfortunately, the denouement did not live up to the promise of the beginning. Vidal hung his whole plot on the now familiar schizoid killer. In "Dark Possession,"

the lady with the split personality is a killer who writes vicious notes to her other self when she is Janet but is a gentle soul with spells of forgetfulness when she's the sweet widow Charlotte.
Maybe Vidal was first on TV with this type of killer, but now it's getting to be a fairly common device. Also, it's not fair to the viewer and should be outlawed just like the butler who "done it."

It was quite a night for Walter Slezak, host of the live mystery series. The actor, looking considerably plumper, was also the hero of the filmed Loretta Young show, which followed it on NBC.

Red Skelton disappears from the CBS screen after tonight's show. His replacement next Tuesday is a series called "The Comedy Spot" — a collection of old pilot films for comedy series which never found networks or sponsors.

CALIF. GAINS 8 HOUSE SEATS IN NEW CENSUS

WASHINGTON (AP) — Twenty-four states probably will gain or lose seats in the House of Representatives under the new census.

Preliminary figures indicate California, with its rapidly expanding population, will be the big winner. It stands to pick up eight seats, boosting its total to 38. A gain of seven had been estimated earlier. Florida would add four, making its total 12.

New York and Pennsylvania probably will lose three each. The House delegations from 20 other states would be increased or decreased one or two members apiece.

Final census figures could change these estimates. But it is

unlikely that more than two or three states would be included in any large changes.

The census Bureau had estimated 17 months ago that 18 states were likely to gain or lose seats under the 1960 population count.

An Associated Press computation based on the official formula for apportionment shows the preliminary figures indicate these other changes since the last official estimate:

New Jersey, Ohio and Maryland probably will gain one seat each. These gains had not been anticipated.

Under the preliminary totals, the New York House delegation would drop to 40, Pennsylvania to 27. Both are close to the border line between holding and losing one of their seats. Not much of a change would be needed to save one seat for either state.

Alfred E. Smith, former governor of New York, liked to visit firehouses as a boy and help polish the engines.

FRIENDS MEET AFTER 55 YEARS

PITTSBURGH (AP)—Two men clinked their beer bottles together and one said "Na zdravie."

In Slovak, 87-year-old Michael Demjan of Pittsburgh was saying "To your health."

"Na zdravie," replied 84-year-old George Anton.

Thus, two men were reunited Sunday after knowing each other 72 years ago in Europe.

The two had worked together in

a saw mill in eastern Czechoslovakia. About 55 years ago, both came to this country. Neither knew what became of the other.

A couple weeks ago, a nephew of Demjan and a friend of Anton met at the Slovak American Citizens Club at nearby Monongahela. They started talking and the names of Demjan and Anton popped up.

Anton, who lives at Brockton, Pa., said, "I feel like a million dollars."
